EVOLVE

EQUIP YOUR PEOPLE FOR EFFECTIVE LEADERSHIP

WHO DELIVERS THE TRAINING?

EVOLVE has been designed and developed by an experienced leader and people manager, Craig Gilbert. Craig's leadership background was cultivated in the New Zealand Police. There he enabled high performance through positive leadership - often through adversity, but always aligned to strategy, vision, values and purpose.

Since leaving the police, Craig has worked successfully with various high-performing teams, and knows what it takes to transform team dynamics.

"High-performing leaders know that everything they do influences their team and hence, the organisation. They strive to develop and bring out the best in both individuals and the team, whilst ensuring alignment to organisational vision, values and goals."

“Leaders drive culture, and culture drives performance. It's essential that your teams are led by positive, capable, effective leaders.”
