

Echomind User Guide

Echomind is an advanced AI-powered training and analysis platform designed to elevate your interview and investigative skills.

Getting Started: Login and Account Creation

Go to

<https://www.osacogroup-echomind.co.nz/> and enter your OSACO provided User Login and password. Change your password when prompted.

Navigating Echomind: The Dashboard

You are either a 'Student' or an 'Instructor'. Students can only perform an interview call and see their own Feedback Reports. Instructors can see all assigned students Feedback reports.

Using Echomind: Creating and Managing Sessions

Choose the type of interview you want to practice, select a persona, and pick a scenario that matches your training goals.

Running AI-Powered Interviews

Hold down the letter 'T' on your keyboard to talk with our AI avatars, who are designed to refine and challenge your investigative and communication skills.

Viewing and Interpreting Results

Interview will end. Do not close the browser as the transcript is uploading for analysis. Wait for green successful upload button in right corner to show. Allow 30 mins for your Feedback report to be generated. Read your specific suggestions for improvement based on the questions you asked and how you managed the conversation.
